On a separate sheet, please address the following:

- Please provide a project description. How will this project help you meet your goals?
- Summarize the creative concept or idea that forms the basis for the project. In what way is the project innovative, creative and exciting?
- Describe the activities which will take place and outline the timetable for the activities and the project completion.
- List the subject areas involved in the project. How will the project enhance the students' learning experiences in these areas?
- How will you evaluate the project at its conclusion?
- Please list budget items in detail.
- Please identify any funding that is or could be available from other sources.
- What are the future plans for this project and will ongoing annual funding be required?
- What group of students will benefit from this project (i.e.-special ed, gifted, regular ed)?
- Is there opportunity for this program to be extended beyond the classroom, department, or school?

All grants for the fall will be reviewed at the September board meeting. All requests should be received by September 1st to be considered at this meeting. All grants for the spring will be reviewed and approved at the January board meeting. All grants should be received by January 3rd to be considered at this meeting.

Please forward completed application to:
